After hours and weekends, a G.P. is on first call for Psychiatry. The hospital has extensive community-based mental health and addictions programs that integrate with their adult, children and adolescent acute services to provide a full continuum of care. Our Hospital also hosts extensive institutional and community-based mental health and addiction services employing 350 staff and serving both urban and rural populations.

All physicians are required to seek academic appointment at the Northern Ontario School of Medicine ([NOSM](#)), and become involved in teaching undergraduate and postgraduate trainees. Research opportunities are also available with HSN's affiliated research institute, [HSNRI](#).
