

# Radiology Locum Opportunities

[www.hsnsudbury.ca](http://www.hsnsudbury.ca)

## Join Northeastern Ontario's health care leader

Health Sciences North/Horizon Santé-Nord (HSN) is recruiting health care professionals who have a keen interest in affecting change within its dynamic health care system. As the tertiary care referral centre for the entire Northeastern Ontario region, HSN serves a catchment population of over 600,000 residents.

The Department of Medical Imaging at Health Sciences North is currently recruiting locum radiologists, for both short-term coverages in 2022, as well as a one-year commitment. The ideal candidates are fellowship-trained, in either breast imaging, women's imaging or body imaging. Interventional skills (performing ultrasound and CT-guided procedures including biopsies and abscess drainages) would be considered an asset.

Candidates must be eligible for independent licensure in Ontario and have obtained or be eligible to obtain speciality qualifications from the Royal College of Physicians and Surgeons of Canada.

The Department offers flexibility in scheduling, a medically diverse environment, and an opportunity for great personal and professional growth. Come discover Sudbury's exceptional quality of life, abundant lakes, parklands and extensive recreational opportunities!

Interested individuals should send a letter of interest and CV to the Medical and Academic Affairs office, by e-mail to [medcareers@hsnsudbury.ca](mailto:medcareers@hsnsudbury.ca) or by fax to 705-523-7041.

HSN thanks all applicants, but only those selected for an interview will be contacted.
