

## **Statement of Information Practices for Health Information Network Providers**

With respect to the Integrated Assessment Record (IAR) or the Coordinated Care Tool (CCT) this organization is a health information network provider to participating health information custodians (HICs)<sup>1</sup>. The IAR/CCT is a system that enables two or more HICs to disclose health information (PHI) to one another. The services provided by the IAR are set out in the Data Sharing Agreement (DSA) that has been entered into by all Participants. An electronic copy of that DSA is available at the CCIM web site at the location below. Schedule E of this DSA contains a plain language description of the IAR network services and security: [Ontario Health – Community Care Resources & Support](#).

In addition to the considerations set out in the statement of information practices for Electronic Service Providers above this organization has put in place policies and practices to ensure that:

1. Participating HICs will be notified of any privacy breaches detected by this organization.
2. A copy of this statement and, where requested, a copy of the DSA including its statement of network services is provided to each participating HIC.
3. A copy of this statement will be made available to the public
4. This organization will maintain appropriate logging and monitoring of PHI that will be made available to participating HICs on request.
5. This organization will perform regular privacy and security assessments of the operation of the IAR and provide summary copies of the results of those assessments to participating HICs.
6. This organization shall ensure that any third parties providing services to this organization will be bound by these strictures.

For more information about privacy or security at this organization please contact:
